AGENDA ITEM:

Notification of Repair to Street Sweeper

BACKGROUND / SUMMARY:

On June 29, Public Works sent our 2002 sweeper truck in to Mid-Atlantic Waste Systems for a repair as it was not functioning efficiently. The truck is getting older and has never required any repair of substance other than regular maintenance typically scheduled biannually. The Repair consisted of the replacement of hopper screens, replacement of the separator skimmer plate, replacement of the blower wheel and blades, replacement of worn skirts, replacement of the muffler stack and rain cap. The estimate for this work was \$ 8,617.40. Much of this work was required due to excessive rust most definitely caused by road salts. In addition to the unscheduled work, we had the vehicles regular service done and installed two additional brooms. The total cost was \$10,736.65. Approximately \$5,000 of this work was unbudgeted; we intend to amend our stormwater budget to account for this overage.
